Quality Policy Statement

Eyton Solutions Ltd has developed a quality system for continuous process improvement and the avoidance rather than detection of problems. It is our aim to supply quality training and services, in order to do this, we intend:

- To establish strong relationships with both customers and accredited bodies who contribute to improving the quality of what is purchased.
- To monitor quality and to identify problems.
- To develop and build a quality system based upon employee involvement and the maintenance of the quality policy.
- To provide employees with the support needed to supply quality training and services to all customers.
- To properly communicate the company mission and objective statement to all employees.
- To give individual responsibilities and accountability for the quality system to employees.
- To establish an environment that supports the production and delivery of high-quality training and services.
- To increase the company's standing in industry by way of improved quality and productivity.
- The company will periodically review its Quality Policy to ensure it reflects both business and customer requirements.

A handwritten signature in black ink, appearing to be 'S. Hembury', written over a horizontal line.

Steve Hembury
Managing Director
